Idvrsgroup Cctv camera & surveillance

CCTV Security Surveillance idvrsgroup is a india company, servicing the markets nationally, to the commercial and industrial markets.

CCTV originated in idvrsgroup 2008, and has expanded the CCTV footprint to divisions in idvrsgroup. The company is under the guidance of the Managing Director Nand kumar , who himself, has service with the company of over 16 years. Kumar is assisted by a strong executive board including four other directors.

CCTV pride themselves in that the majority of employees have long term of service with the company.

CCTV encourages long term staff members to play an active role in the running of the business, and are proud to have some of these employees on the executive board.

CCTV analyze their company requirements in conjunction with employee's capabilities and talents, so that the company is able to steer their employees in a direction in which they would be most suitable and be able to grow within their field utilizing their natural strengths.

By implementing this method, both employee and company understand each other's requirements and expectations..

With constant training, research and development CCTV is able to provide the latest state of the art equipment, and are able to install and maintain these systems with confidence.

Our people are our strength!

Our company provides service in CCTV camera and biometric. It works under the control of security personnel so that confidentiality is maintained.
